KAY COOKE

"Never be lonely,
For I/we will always be
Some one on another mountain."

(Me ↓)

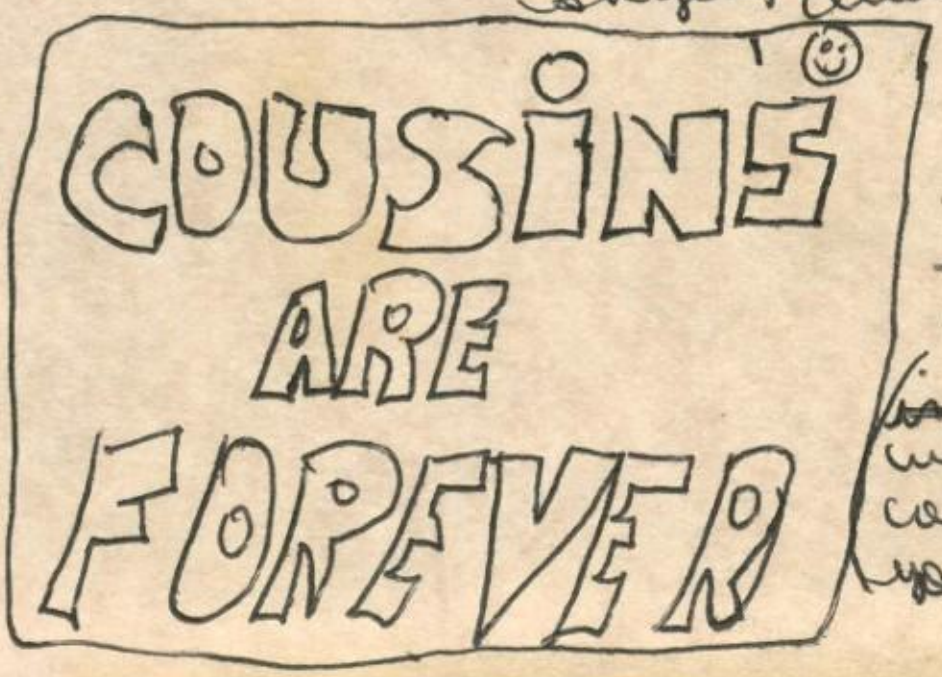
My dearest Cousin,

I don't know how I was fortunate enough to have the wonderful feelings I get from being related to you. It is just wonderful. It brings joy to my heart. (You know that is a lie because I don't have a heart). Been nice having you in Chemp class. Been extra nice having someone to pick on in Chemp class. Please don't engage in what Mr. Gray calls congress over the summer. (if you know what I mean) Come to church sometime so I can see you (not that I really want to.) Always remember to do the logarithms and that the longest convention was 103 ballots, 17 dcup, Dem Party, candidate John Davis in 1936, and you will make it in this world. Lots of luck You are a sweet cousin.

Friends Always,
Shyllis Elliott

Kay,

What more can I say than I'm sorry things didn't work out this year! But please remember that I'll always be your friend, and I'm always available to help if you need it. Growing up is hard — but I feel I have done a considerable amount of growing this year. I've realized I can be me — that I don't have to conform. I no longer feel that I have to do anything this probably doesn't make sense but ... that's me. I'm glad that I haven't limited myself to meeting only a few people. I've met so many people & so many diff



(~~is cook~~ which in some cases could be bad for your health)

Dearest Kay,

I can honestly say that I am at loss for words. (There's a first for everything!) It seems like a nightmare that we won't be together next year! We sure have been through a heck of a lot together.

Math class will really be bad next year. It'll be the first time we'll be separated in a long time. I could always depend on you for anything. If I was flunking math, you understood. If I was heartbroken, you understood, If I was hurt, you understood. Your friendship has meant so very much to me. I only wish you knew how much!

Wimpy's room.

We've had some crazy times. Slobbering at Clark Gable all over the theater in "Gone with the Wind", slobbering all over the desk in Math at "you know who". Gossiping, writing notes, and writing notes, and writing notes (we never really got caught.) Joking with L.K. (That dummy.) He's really sweet though! But don't tell him or it'll go to his head. Special times in general. They have meant so much. I don't want you to ever forget me cause I'll never, ever forget someone as special as you. and don't you ever forget it. Looky here

I really won't be on another mountain, just in Raleigh. That's only about 25 min away. I'll always be expecting

You to come see me. You'll always be welcome wherever I am. Not just here or at St. Mary's. The rest of our lives.

I love you. Very specially yours, Both Cochrane

Kay,
Enjoyed your company
in typing. Best of
luck in the future

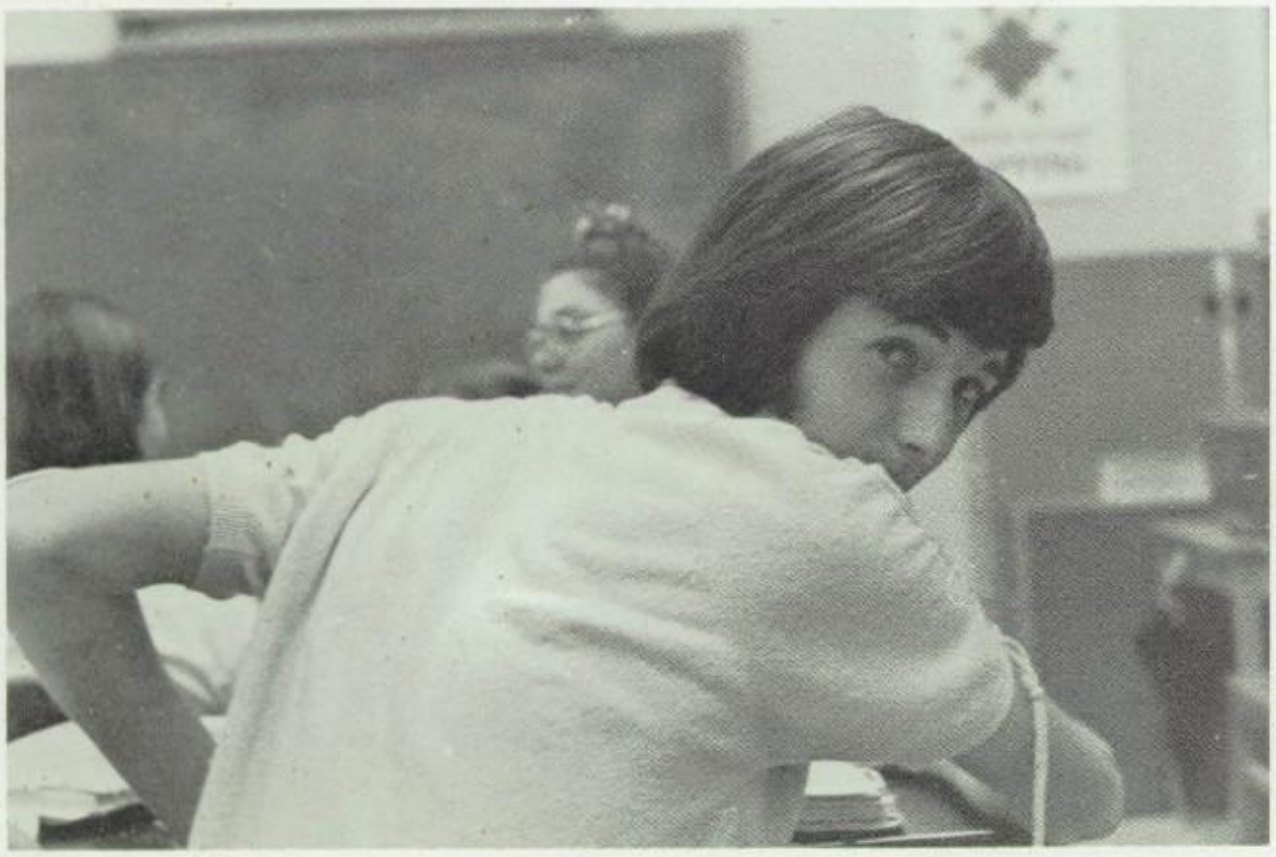
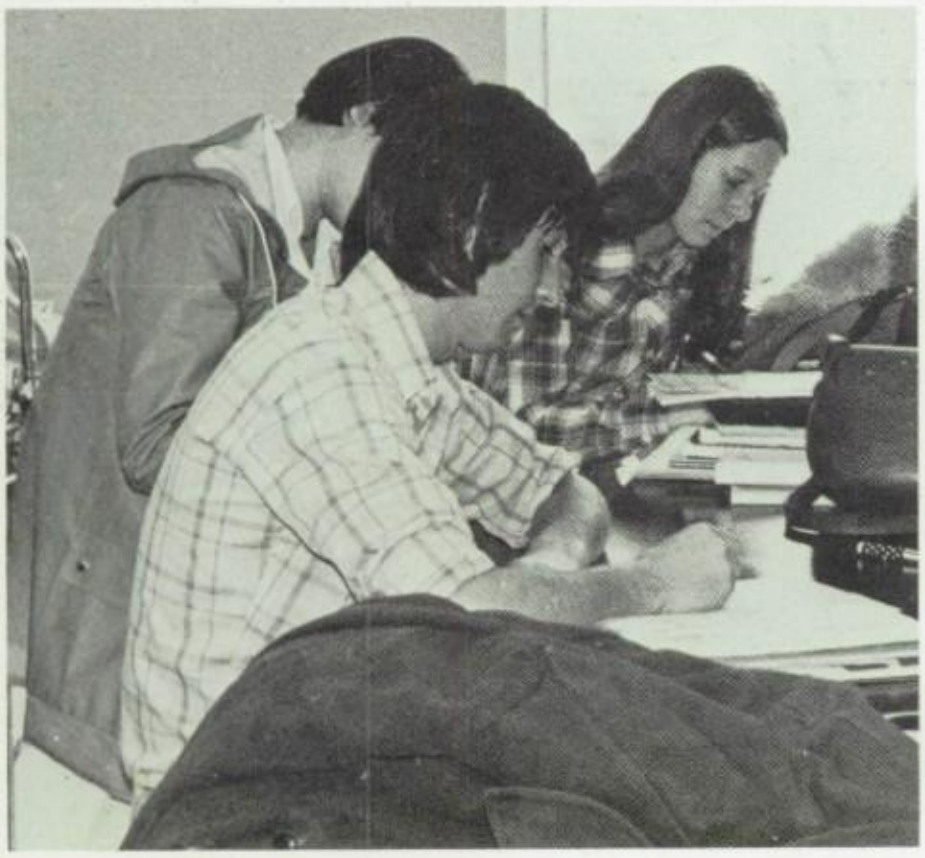
The lamp of wisdom brightly glows
Within each hallowed hall.
And beckons those who tread within
Their memories to recall.

Across the land out paths may spread
As onward we must go
Our hearts fulfilled, our minds instilled
With those we love and know.





To You
I've met; I hope our acquaintance was a
pleasant one I know; I hope our friendship
was sincere in AFS; a humble thank you
Mr.'s Guess, Ham, and Sills; a flaxxing would
have done me good on the staff; you've not
only taught but inspired me. My family;
I'm Wee Willie Wilkins
Logan; a brother; not for a year, but forever
Sincerely,
Fred

Sliding is living by antifriction. It is finding a modest thing you can do, and greasing that thing on both sides. It is grooving in comfort.

All human wisdom is summed up in two words —
wait and hope.

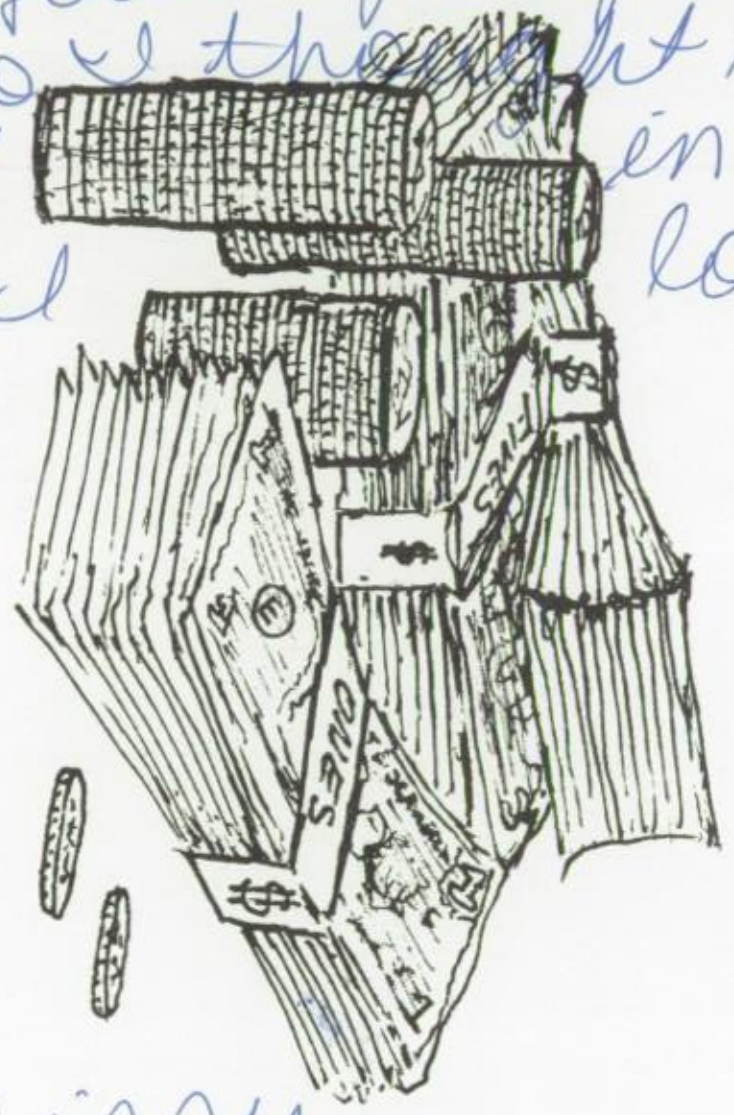
Alexandre Dumes

(Prissy!) (digit!)

Kay,

I can't believe another year is over! It went by so very fast I hardly even knew it. I just hope next year goes by just as fast. Kay I'll never forget when you, and Beth and I all went to see [redacted] "Gone With the Wind" we had such a good time. Well you and I have had a lot of good times together. Remember going by to see Allen Stevenson (if that's how you spell it!) Boy is he ever good looking!! I'll never forget all the arguments I had with you mom I don't think I ever won one! I guess I have no luck at all. Kay you are something very special to me! You're someone who I could always tell all my problems to, and get by & honest answer! At least one I thought I could argue with! You're a sweet, sweet girl and if anyone does you are the one who needs to get the very best in life that is offered to you I wish you all the luck in the world this year makes the second year we've been real good friends & I'm so glad that you're so lucky you don't even know!! Some people have all the luck

Tell your mom and Christy hello for me. And I know I'll see you this Summer at my house! (for real!) The Youth group is going back to Hanging Rock to ~~I thought~~ you might like to go and be dioped. ~~in~~ the sand again.
Take care and I love you!



all my love always!
love,
Debbie Hamlet

Kay,
I've enjoyed getting
to know you in Mr.
Gray's class. Only
19 more days of
Miss Simon aren't
you relieved! Have
a great summer.
Good Luck next year
as a senior.
Tracy

Kay,
I really don't know what to
say. I don't want to
repeat all the
clichés that you will
have all in your annual.
We've had good times all year
in Chemistry even with Miss. C. Nash
We will be our last as Juniors
Jear and the rest of our Sr. year Take care
Sheri

Kay,
I've had some lots of fun
being in your algebra class.
I hope that you can be in
some classes together next
year. I hope that you can get
together again this summer and
so swimming once out to climb
once more. Ha had some
good times though the year and
I hope that you can have some
more. Have a fantastic summer
and keep in touch.
Love,
Lisa

Dear Kaly,

Just because I have my back facing the wrong way everyday in Algebra doesn't mean you have to write something mean in my annual - even if I get you + Beth in trouble because of it!

Are you going to the beach after school? I hope so. I can't wait ~~th~~ till the Prom next year - I'm going to go even if I have to go ~~stag~~! (I doubt that!)

Just think - next year we'll be seniors! I don't believe it. Hopefully we'll be in the same math class again! ~~Ca~~ Gotta go now, the bell rang. Call me this summer.

Love,
Barbara

Kay, (Cookie)
Well Kay, I really enjoyed meeting (Betty) this year! Now that I can write you I will come see you!! I'm sure we will be friends for a long long time, you were right, Debbie spelled Rising wrong! (HA! HA!) But it sure feels good to know only one more year (and the rest of this one) to go!!! Hope I'll have you in some of my classes next year, But if I don't, I'll still talk to you (if you talk to me, HA! HA!)

To Kay

I have known you for quite a while, and ever since we had our differences attimes, I feel I am able to say you are a very sweet young lady. I am sure we will be in English with Mr. Mayfield together again. May the bluebird of happiness upon your other stuff come

sprinkle sunshine upon you always)

"Big Kay",

I must admit that I was sad I am a little more sometimes it's all in fun. I would have to say that this is one of the best years that I've ever had, partly because of our crazy group. Also, you make a bad Sunday partner so you just plain stink! (Ha) Have a great summer, See you next year!
